

Celebrating Spirit Presents

*Shamanic Visioning, Shamanic Journey Class
Taught by Susan Feinbloom**

A Shaman is a medicine person who bridges the worlds between ordinary and non-ordinary reality. One who crosses the veil to divine information and give healings. The Shaman sees the spiritual side of people, plants, and animals and can communicate directly with spirit. Shaman's source is nature and she sees the universe as one. To the shaman, looking with non-ordinary vision, sickness is caused by soul loss, and energy intrusions. Healing takes place on an energetic level of engagement.

In this class:

- We will learn to journey to non-ordinary reality, to contact and create a relationship with power animals, plant allies, nature spirits and teachers. In these states we have direct access to spirit, strengthen our relationship to nature, and strengthen our luminous field.
- We will learn to get questions answered and receive healings from the spirits of plants, animals and teachers.
- We will explore and map the cosmos of non-ordinary reality.
- We will have a fire ritual to release unwanted past-time energies.

We will address our deepest separateness and isolation in this class. Bring a drum or rattle, blanket, scarf, pad and pen.
